# Global Goodwill Ambassadors Foundation

## Our Vision

**It is the vision of each our programs to reduce disparities in access to education, alleviate hunger and poverty, end homelessness, increase sustainability in many areas such as climate change, taking care of our environment, helping those in need find a way to generate income and address the entire 17 United Nations SDGs.**

## Our Core Values

**Our core values are simple: always show kindness, have a good heart to help humanity, lend a hand where needed and do so without bias or hate in your heart.**

**Humanity  
Neutrality  
Impartiality  
Independence**

**These core values are a concrete expression of the shared values of dignity, integrity and solidarity. With these in our hearts and minds, we will create "World Peace"**

# OUR MISSION

---

As a 501(c)(3) nonprofit, our mission is to utilize our family of global humanitarians to solve real-life problems in the most disadvantaged parts of the world. Following the sustainable development goals, we are hands-on at the grassroots level to assist women, children, the hungry, the homeless, and disadvantaged people.

We help people from every nation, color, race, and socioeconomic caste. We exercise no bias, we are apolitical and free of hatred.

From ending poverty to fighting inequality to child abuse prevention, we have partnered with the United Nations to help achieve The Global Goals, set by the United Nations General Assembly intended to be achieved by the year 2030.

Grassroots efforts and partnerships are key components addressing humanitarian crises and issues as it eliminates the bureaucracy often associated with other alternatives such as government agencies and for-profit entities. Support from organizations also provide a supportive community of like-minded individuals who are working toward a common goal - improving the state of humanity and being stewards of positive change while addressing the root causes.

To deliver these goals, every person, community, and business must take part.

Help us make the world a better place.

# WHAT WE DO

GGA is uniquely set up to be a "donor-to-community" charity. We have people on the ground in every country of the world where we run projects to protect our donor's contributions. We identify the needs to help people in vital areas following the UN SDG model.

Our monthly e-magazine reports on specific heart-warming causes that encourages action and support around the world to help those in need, increase awareness, and help our projects make lasting sustainability into the future. Our sponsors are businesses that believe social responsibility is everyone's responsibility. GGAF offers free courses to individuals to help increase their self-worth and learn new skills.

Your business can be a "BEACON OF LIGHT" to help to those in need. Donate now to the cause of your choice; your compassion and generosity can save lives. It also underscores the importance of continuing our efforts to increase awareness so that we can extend our network and our service base.

Join us in making our world a better place for all.

# My Body is My Body: GGAF Core Initiative

My Body Is My Body is one of the most successful, positive and fun filled musical child abuse prevention programs around, and has been animated so it can be shared with children in schools and homes alike around the world. The program has been translated into 19 languages (with more on the way) . Our mission is to offer this program for Free to everyone that wants a way to teach children about abuse prevention in a non-threatening way - through fun musical songs.

Child abuse affects an estimated 6 out of 10 children throughout the world. Let's put an end to this!

## WHY ADVERTISE WITH GGAF?

You have the ability to direct your donation to the cause of your choice to make a difference. We are unique in that we run our organization with virtually no overhead, meaning more of each donation goes directly to those in need.

We rely on the generosity of corporate sponsors and are grateful to our sponsor's passion for our mission and their desire to help make our world a better place.

GGAF has initiatives such as tree planting, rural childbirth safety, helping children get off the streets and into safe places to live, helping the disabled and differently abled, installing hand washing stations in schools due to COVID, working with orphanages, animal shelters, equality, feeding starving children, ending homelessness, and addressing sustainability regarding our climate and employment. GGAF also offers free classes to help build future leaders and give everyone the opportunity for an education.

## BECOME A CORPORATE PARTNER

Your donation will go toward our initiatives at GGA to help the needy. Partnerships between your company and GGA can not only have a positive impact on your business; it has a positive, social impact by working together as we find solutions to help drive economic development and sustainable impact for the world's most marginalized individuals. GGA follows the UN SDGs with core missions around education, child and domestic abuse prevention, and world hunger.

Together, we work with you to create a partnership that includes compelling marketing initiatives. Our partners benefit from an improved brand lift, international exposure, and social media platforms reaching over a million people. GGA prides itself as an organization with no hate, no bias, and no politicization.
